Subject: Abatement of Notice of Potential Non-Compliance & Division Directive, Staker & Parson Companies, North Beck Street Operations, M/035/019, Salt Lake County, Utah

Dear Mr. Anderson:

On November 25, 2003, the Division issued a Division Directive to Staker & Parson Companies due to the extended delays in completing the permitting process at your North Beck Street Operations.

The Directive instructed Staker & Parson to submit a revised mine plan, arrange a meeting between all parties involved with this permitting process, and post a transitional surety.

Staker & Parson stated that they would prefer to operate under the JBR Mine and Reclamation Plan received April 4, 2003. On December 12, 2003, a meeting was held between Salt Lake City Corporation, Staker & Parson, and the Division to discuss the mine plan for the North Beck Street Operations. On January 8, 2004, a transitional surety in the amount of \$300,000 was posted with the Division.

With the completion of these items the Potential Non-Compliance and Division Directive is satisfied; therefore, this Potential Non-Compliance and Division Directive is hereby abated.

Please keep us informed of the status of your North Beck Street Operations. If you have any remaining questions regarding this letter,
